EXPERIENCE

ServiceNow (Oct 2024 – Present)
Senior UX Designer — Partner Portal, B2B Digital Partner Experience

- Led end-to-end UX design for 30+ new and redesigned pages shipped by the team—across ServiceNow's enterprise Partner Portal serving 1.1M+ annual visits from global channel partners.
- Redesigned high-traffic partner journeys (onboarding, sales, and enablement) which reduced the 35% drop-off rate to 20% contributing to an 8–10% YoY lift in unique portal visitors
- Owned the full design lifecycle from strategic design briefs through Figma mockups, stakeholder sign-off, publisher handoff, QA, and launch—executing a structured 10-phase content strategy workflow that accelerated time-to-publish from two weeks to 3–4 days.
- Planned and facilitated quarterly usability testing cycles, synthesizing partner feedback, behavioral analytics (Adobe Analytics, Contentsquare), and task-completion data to inform the redesign of the portal's highest-traffic pages.

T. Rowe Price (Jun 2023 – Jun 2024)
Senior Graphic Designer — B2B Marketing & Communications

- Designed and launched 40+ multimedia marketing campaigns using Adobe Creative Suite, achieving a 78% audience capture rate and generating $1.64M in new Assets Under Management (AUM) within one year.
- Partnered with senior stakeholders and editorial teams to craft targeted design solutions across marketing collateral, conferences, web content, and advertising—driving a 30% increase in client engagement across audience segments.

Aerotek (Dec 2021 – Apr 2023)
Graphic Designer — Brand & Digital Marketing

- Developed branded templates for social media content, reels, and animated videos aligned with brand guidelines, boosting social media engagement by 10% across all channels.
- Produced monthly paid ad campaigns for Facebook, LinkedIn, and Google Ads, optimizing creative assets to reduce cost per action (CPA) from $11 to $4.50—a 59% decrease in acquisition cost.

PointClickCare (Jan 2020 – Aug 2021)
UX Designer — Healthcare UX & E-Learning

- Applied user-centered design methods—including user research, persona development, and usability testing—to redesign clinical UI for Florida State Hospitals, enabling physicians to register patient information 15% faster.
- Produced 75 branded e-learning videos and training materials using After Effects and InDesign for the American Health Care Association (AHCA), supporting medical staff onboarding across multiple facilities.

Under Armour (Mar 2019 – Dec 2019)
Graphic Designer — Sports Design & E-Commerce

- Built technical design templates in Illustrator that standardized jersey spec locations across 7 sports for the 2020 season, cutting design-to-production turnaround time by 30%.
- Created website content, logos, headers, and product imagery for Under Armour's Digital Asset Management (DAM) system, contributing to a 5% increase in e-commerce sales.

Stanley Black & Decker (Oct 2018 – Jan 2019)
Graphic Designer — Brand Integration

- Integrated 15,000 design assets into the corporate Digital Asset Management (DAM) system during a multi-region brand acquisition spanning Europe, Asia, and New Zealand—reducing asset retrieval times by 50%.

EDUCATION

The Art Institutes (2014)
Bachelor of Science in Digital Multimedia & Information Resources Design
