SUMMARY

Seasoned Senior UX Designer with extensive experience in enterprise B2B SaaS, specializing in user-centered design and product lifecycle management. Proven ability to reduce user drop-off rates by 35% and accelerate time-to-publish by 75%. Adept at synthesizing user feedback and analytics to drive redesigns that enhance user journeys and increase engagement. Committed to delivering impactful design solutions that align with business objectives and elevate user experiences.

EXPERIENCE

ServiceNow (Oct 2024 – Present)
Senior UX Designer - Partner Portal, B2B Digital Partner Experience

- Reduced the drop off rate by 35% by redesigning high traffic partner journeys (onboarding, sales, and enablement)
- Reduced time-to-publish from two weeks to 3–4 days by executing a structured 10-phase content strategy of the full product design lifecycle
- Cut design requests across comms, email, and social by ~90% and reduced production time from 25 minutes to 3, saving 65–125 design hours since launch by designing a self serve image tool in Claude
- Led end-to-end UX/UI design for 30+ new and redesigned pages shipped by the team across ServiceNow's enterprise Partner Portal, serving 1.1M+ annual visits from global channel partners.

T. Rowe Price (Jun 2023 – Jun 2024)
Senior Graphic Designer - B2B Marketing & Communications

- Generated $1.64M in new Assets Under Management (AUM) and achieved a 78% audience capture rate in one year by designing and launching 40 multimedia marketing campaigns
- Drove a 30% increase in client engagement across audience segments by partnering with senior stakeholders and editorial teams on targeted design for collateral, conferences, web, and advertising

Aerotek (Dec 2021 – Apr 2023)
Brand Designer - Brand & Digital Marketing

- Boosted social media engagement 10% (60k) across linkedin by developing on-brand templates for social posts, reels, and animated videos
- Cut cost per action 59% (from $11 to $4.50) by producing and optimizing monthly paid ad creative for Facebook, LinkedIn, and Google Ads

PointClickCare (Jan 2020 – Aug 2021)
UX Designer - Healthcare UX & E-Learning

- Cut patient registration time 15% for 11,000+ physicians across 50 Florida State Hospitals by redesigning the clinical intake workflow, grounded in user research, personas, and usability testing
- Replaced in-person training for 5,000 medical staff across 12 facilities by designing 75 branded e-learning videos and onboarding materials for the American Health Care Association (AHCA)

Under Armour (Mar 2019 – Dec 2019)
Graphic Designer - Sports Design & E-Commerce

- Cut design-to-production turnaround 30% by building a design system for jersey specs across 7 sports for Under Armour's 2020 season
- Contributed to a 5% increase in e-commerce sales by designing web content, logos, headers, and product imagery for Under Armour's Digital Asset Management (DAM) system

Stanley Black & Decker (Oct 2018 – Jan 2019)
Graphic Designer - Brand Integration

- Cut asset retrieval time 50% by designing the information architecture for a corporate DAM, organizing 15,000 assets from a multi-region brand acquisition across Europe, Asia, and New Zealand
